BSMGC Hole in One Recognition

As many of the members are aware, when a documented hole in one is achieved during BSMGC Tournament Play, there are two forms of recognition BSMGC provided:

1. Your achievement is recorded on a BSMGC plaque located in the Buenaventura Golf Course locker room.
2. You receive \$100.00

Additionally, if you also paid the \$1.00 Hole in One Pot (HIO) entry fee for the day, you'll receive the payout according to the established guidelines. Entry fees are accumulated until there is a hole in one winner.

BSMGC recognition occurs automatically via our tournament process.

Golf Equipment Manufacturer Hole in One Recognition

Many BSMGC members may not realize that several manufacturers of golf equipment also provide recognition for achievement of a hole in one when their equipment is utilized (clubs and/or balls).

The Manufacturer recognition occurs when the player takes responsibility for submitting the necessary documentation to the manufacturer. The recognition varies by manufacturer: certificates, plaques, etc. Generally, this documentation must be provided within 12 months of the accomplishment.

Below is a list of the Manufacturer websites, that we have identified, which provide recognition.
